EXPERIENCE

Sous Le Manteau (SLM Paris) | New York
Web Designer 05/2017-Present
- Redesign and update this perfume brand's e-commerce website; implemented new UX/UI designs to increase its usability and sell the brand more efficiently
- Created the Chinese version of the website
- Designed print ads for magazines and newspapers

National Museum of Natural History | Washington D. C.
UX Designer 09/2017-12/2017
- Proposed original concepts for an upcoming exhibition
- Designed prototypes and facilitated user tests at the museum with real museum visitors
- Created analysis diagrams for the user test results

Baron & Baron | New York
UX Design and Digital Intern 06/2017-08/2017
- Designed user journey maps, site maps, wireframes, and interactive prototypes for web design projects for luxury fashion business clients such as Ford Models
- Conducted user tests and proposed UX design improvements for the websites of luxury hospitality properties in New York
- Implemented digital strategy research and competitor analysis for Francesca Amfitheatrof's luxury jewelry e-commerce

Open Style Lab | New York
UX Researcher and Designer 09/2016-12/2016
- Collaborated with fashion designer and occupational therapist to create a wearable solution that met both aesthetic and functional demands for our client with disabilities
- Accomplished user research and competitor analysis
- Created prototypes and facilitated user tests with the client

MZA Architecture | Seattle
Graphic and Architectural Design Assistant 09/2015-07/2016
- Updated HTML and CSS modifications for this company's website
- Designed deliverables to clients and marketing materials
- Served as a translator during client meetings; translated contracts
